

Computer modeling of physical phenomena

Topics for final presentations (TS part)

- Various strategies for Iterated Prisoner's Dilemma – implementation.
 - LBM for custom obstacles – implementation.
 - Mountain trail formation. <https://arxiv.org/abs/0812.1536>
 - Quantum tic-tac-toe. <https://arxiv.org/abs/1007.3601>
 - Sznajd model <https://arxiv.org/abs/cond-mat/0101130>
-
- Feel free to suggest any other topic :)
